

THE WEALDSTONE PROJECT

SITE VISITS AND COMMUNITY CONVERSATIONS

SATURDAY 25 MARCH 2017

What is the unique character of Wealdstone and its architecture?

How can the design of Harrow's new civic building make the most of this?

As part of their work to build a better Harrow, Harrow Council is planning a new civic building on Wealdstone High Street, containing council offices and community space.

At January's launch, you told us the questions above were important. To explore them properly, we need your help. You also wanted more site visits, to understand the project better.

So please do join us at an energising day of design-focused activity. Come just for a 1 hour site visit, or stay on for a creative and strategic discussion.

Places are limited to ensure a good conversation: please book in advance if possible. RSVP to Daisy Froud at daisy@daisyfroud.com or 07870 691630.

WHEN

10.00am - 12.30pm

OR
