

THE WEALDSTONE PROJECT

DESIGN DROP-IN 3: DISCUSS FULL PROPOSALS

Help us build a better Harrow!

Harrow Council is planning a new civic campus on Wealdstone High Street. Earlier this year we discussed our initial design ideas with you. Over the summer, we have been working hard to transform these into detailed design proposals.

Please join us to discuss these, with a focus on how well they respond to community priorities and feedback, to inform the final stage of design.

The third event will be an opportunity to:

- give feedback on our proposals, with a focus on the centre's public areas; and
